OEDIPUS IN THE RAW

Your good boy Miles is here to describe something that I've never told anyone before. It is something that has changed me into the person that I am today and helped me discover who I was as a person.

When I was a Senior in High School (18 years old at the time), I would always come home feeling like absolute shit and tired. The kids were terrible to me for being a loser. It became so unbearable that I was always fatigued and had no energy to masturbate. The bitch, who was very understanding of my problems, decided to "surprise me" one day after school. So when I walked in the door, she was in all lingerie and I could smell the sweet scent of fresh perfume mixed with lust and femininity. She noticed my stiff erection and immediately proceeded to take me to the living room without saying a word. I felt the warm, wet sweat dripping from my body along with the dripping precum from my stiff penis.

She threw me on the couch and started to pull down my pants. I could hear my heartbeat in my ear and my senses drifting away. It was too much to handle. She immediately started to jerk off my already hard dick and suck it until I came almost instantly. She asked if I was up for a "round two" and I nodded immediately. She took her bra and panties off and said for me to fuck her pussy. I happily agreed and proceeded to pound her soft, wet pussy to satisfy both of us. She commented on how huge my dick was and how "your dad's penis couldn't even make me squirt".

That turned me on and made me pound her harder. I felt the wet and warm liquid on my hard cock which made me cum more and harder than I ever had before.

I was tired and rested on the couch for some time. I awoke to find myself in my room with fresh, clean clothes and the smell of dinner. I walked downstairs and ate dinner. The bitch winked at me and I proceeded to eat dinner with her and my dad. The rest of the night was uneventful and I went to bed.

When I woke up the next morning, I was surprised to see a taped-up piece of paper taped by my door. From the blurry distance, I saw a faint red-colored heart on the front of the note. Remembering the events of yesterday, the note caught my attention and I ran up to open it.

I saw a short message from my mother which said:

> ***"Morning honey! I'm making you some breakfast to get your day started. I liked what we did yesterday. I've never squirted and moaned like that for a long time! If you feel comfortable, I would like to have even more fun tonight when your father is working. I left you a pair of my wet panties from yesterday in your closet, so you can keep yourself distracted in the meanwhile. Please don't sleep in all day and come say hi to Mommy!"***

The words alone got me harder than I've ever gotten before, which prompted me to search my closet for the wet panties. I found the pink stained panties right on my clothes drawer folded nicely and the stains, from yesterday, kept intact. That tempted me to pull down my soaked boxers and jerk off the wet panties on my hard cock. In just a meager couple of minutes, I came with thick warm loads of cum and stained the panties more than I did yesterday. I started to hear footsteps upstairs which made me throw the panties into my closet and quickly put on some clothes.

As I was partially clothed with just a t-shirt and underwear, the bitch opened the door in my room and told me breakfast was ready. She was wearing a dark-colored shirt and blue jeans.

Her breasts, which looked like they'd pop out at any moment, gave me a slight erection. Her jeans barely hid the outline of her pussy and cameltoe. I could tell she noticed that I found the note and jerked off with her panties. I could tell she noticed the smell of semen seeping through my room. As I was finishing getting dressed, she gave me a wink and shut the door.

I went downstairs and ate breakfast as I usually did. I did my assigned chores around the house and ran some errands for my parents. I kept thinking about tonight all day long which gave me random erections throughout the day. As the sun was starting to set, my father headed out for work. The bitch and I both said goodbye to him and he drove off to his appointment. Just then, the bitch, unexpectedly, started to make out with me passionately. Her lips tasted like strawberries and felt warm. Her busty breasts started to push against my chest which got me an even bigger erection than I had beforehand from the anticipation of this event. I could feel a liquid dripping out of her soft, busty breasts which made me curious to take her top off. She said I could so I proceeded to take it off and fondle her nipples and breasts once again. I always appreciated the natural look of her breasts and the pink color of her medium-sized nipples.

She immediately noticed I was hard so as I was fondling her breasts, she told me to pull my pants down so I could feel what a real pussy feels like. I sheepishly agreed and I proceeded to pull down my pants while she pulled down hers at the same time. I noticed she wasn't wearing panties this time around. Once she pulled down her clothes, I witnessed the appearance of her pussy. It was partially shaved and clean, while there was clear liquid streaming down her soft, pink pussy. The appearance made me involuntarily gravitate towards her luscious pussy and got me ready to pound her beautiful-looking pussy. This was so much to take in and such a euphoric experience that I was fearful that I wouldn't last as long as I wanted to.

She helped me put my erection in her pussy which slid in like butter. I started to slowly move my dick in a vertical motion and noticed a soft moan from my mother. This prompted me to increase the speed of my movement and noticed an increasingly louder moan from my mother.

The moan was enough to turn me into an animal and pound her harder than I'd ever imagined. My mind was racing, my heart was speeding, the semen waiting in my penis begged to be released, and the bitch started to release more of the liquid I saw from her pussy before which mixed with the wetness of her pussy. This caused me to moan almost louder than the bitch and made me cum one of the biggest loads I'd ever come before.

Unlike last time, I couldn't handle a second round and felt drained from the experience. She understood and decided to continue it another time. I am anticipating for the experience to happen once again. I have not just fallen into a lustful attraction for my mother, but I've also fallen into an attraction to her on the inside as well. The semen that I ejaculated into her beautiful pussy serves as a reminder that I will always be inside of her as her baby and as her mature son.
